Township Register

A Weekly Newspaper Devoted to Furthering the Civic and Rural Interests of the Whole of Washington Township

51 YEARS OLD

AROUND the TOWNSHIP

It's a case of three of a kind over at Newark where the twins, Ruby and Ruth Brown were reunited with their brother, Jack Schmidt, after 12 years of separation. All three take an active part in church work, all three are more than ordinarily musical and in many ways are alike. Then there's a pair of homes and a full house of jubilation for all concerned.

If it isn't in too bad taste to mix in this type of metaphor, we can't resist from hoping that they continue to hit the jackpot of happiness.

Eugene "Scoop" Pashote this month celebrates his third anniversary as Newark reporter for the Township Register. "Scoop" is 18 years old, has just graduated from Washington Union High School and plans to enter San Jose State College next month.

Upon this occasion he expresses his appreciation for the helpfulness of the people of Newark from whom he gathers his news and plans to continue to write for the paper after he enters college.

Congratulations and good luck to Eugene "Scoop" Pashote.

Some fly fish lover filched a parcel of fresh fish off a counter in a Centerville grocery and market last week. Had the package purloined but known it, there was a wrapped box of jewelry right next to the fish package, according to M. S. deQuadros, the erstwhile owner of the three slices of salmon and six smelt.

The jewelry was given into custody of deQuadros for safe-keeping and for a time it wasn't so safe.

ROBERT CARY BAGS FIRST DEER

NILES — Beating out several other hunters by minutes with the opening of the season on Tuesday morning, Robert Cary apparently got back to Niles with the first deer, a forked horn weighing 83 pounds, dressed.

In celebration of the occasion, he will be host to a number of friends on Saturday evening at a deer barbecue at Helen's Place on the Niles-Centerville highway, where he lives.

PUBLIC SPIRITED PIONEER RESIDENT REMOVED BY DEATH

IRVINGTON — Mrs. Mary E. Beardley, 77, pioneer resident of Washington Township, passed away at her home Sunday following a week's serious illness. She had been ill health for the past year.

Funeral services were held from Berg's Mortuary on Tuesday with mass at St. Joseph's church and interment at the Mission San Jose cemetery.

The deceased organized and personally cared for the town park at Irvington for many years, relinquishing her duties recently to the Junior Chamber of Commerce. She was the third librarian at Irvington and resigned about two years ago after 16 years in this position.

A native of Mission San Jose, she was the sister of the late Tom Dillon. She is survived by a son, George, employed with an oil concern here for the past 20 years.

PLANS PROGRESS FOR MUSICIANS' DANCE

NEWARK — Musicians' Union Local No. 510 are using every effort to make their annual dance at Swiss Park on Saturday night, Aug. 19, an event that will linger long in the memory of the public who attend, according to Al Cadiero, chairman of publicity. A good orchestra has been provided and a door prize will be awarded.

Twins And Brother Readily Identified After Dozen Years

NEWARK — The Browns and the Smiths got together in a big way in one of these strange as it seems stories which came to light recently in Newark.

To begin with, the Brown twins, Ruby and Ruth, daughters of Rev. Vernon Brown, pastor of the Washington Township Parish of Presbyterian Churches, look so much alike it reminds one of that story of the Irishman who said he stuck his finger in Mike's mouth and if he bit it was Pat. And on top of that in walked their long lost brother looking more like them than they do like each other.

The story started 12 years ago when the children, the girls then aged three and the boy six, lost their parents and were adopted. Ruby and Ruth became the daughters of Rev. and Mrs. Brown and the boy, Jack, became the son of Mr. and Mrs. Louis Schmidt of Blue Lake, Humboldt County.

During the intervening years the brother longed to see his sisters and the girls have been curious to know the whereabouts of their brother. A few weeks ago, Albert Gilman, son of Rev. and Mrs. S. C. Gilman of Blue Lake, was sent to the bank at Centerville for training and became acquainted with the Brown twins, Washington Union High School students.

Checking up on birth places and such things Gilman learned the girls had been born in Willits. He immediately thought of his friend Jack, now a Junior in the Humboldt State College at Arcata and he was struck with the startling resemblance between the girls and his friend. Correspondence followed and the sisters and brother were reunited. After a visit here, Jack will return to his foster parents and a visit will be made later in the summer by the sisters to Blue Lake.

Cites Incidents Of Last War In Plea For National Safety

NILES — Captain A. G. Sandford, soldier and world traveler, born in Scotland and a member of the "Little Black Devils", historical battalion of the Canadian Infantry, addressed the Niles Rotary Club last week at the Hotel Belvoir.

He told of his personal experiences in France with the First Canadian Expeditionary Force, in many of the major battles on the Western Front, of his being wounded twice and of the dramatic incident of the Allen Line Steamship "Hesperian", torpedoed and sunk by a German submarine.

In a graphic way he recited incidents which rob war of whatever glory romanticists may imply and ended with a plea for adequate national defense and war against subversive influences and foreign intrigues in this country.

He told of being in the first gas attack when 700 of the 1100 men in his contingent were killed within ten minutes. He described the destruction of Ypres and of the strange life of women who kept stores in dugouts.

In closing he said, "We regard with complete nonchalance the insidious work of enemies within our borders. Anything can happen here." He warned against the possibility of Mexico's being used as base for enemy operations and urged further prohibition against war materials being shipped to countries which might become enemies.

C. W. Kraft presented the plaque won by the Niles club in the last year's civic service program. George Smith was chairman of the day. At this week's meeting plans were to be outlined by new committees for the year's work and a report of his recent trip East will be made by George Bonde.

It's a \$700,000 investment in democracy that California is making in holding a special election on the ham and eggs plan November 7.

That's a conservative estimate of the cost of the election which is being held so that you and 3,500,000 other eligible voters may ratify or veto one of the most ambitious plans the nation has yet seen for setting aside a special cache of riches for the aged.

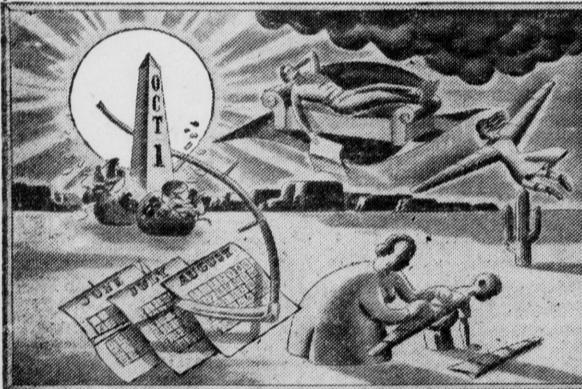

Whatever the result, everyone is a shareholder in that \$700,000 investment and should participate in it. Make certain that you are eligible to do so. A surrealist artist presents his impressions for a GAS HEATING advertisement

IN GENERAL the setting is on the desert to connote the purity and cleanliness of heat such as we who live within four walls enjoy from modern gas heating equipment. Storm clouds in the distance signify the threat of winter which can never disturb the carefree detachment of the characters depicted in the foreground.

A summer sun, the surrealist explains, represents the Summer Discount on Gas Heating Equipment for those who buy now. The milepost lettered OCT. 1 means monthly payments are put off into the distant future, while the bursting money bags represent the 10% Saving.

A scythe cutting up calendar pages denotes the passing of summer. June is slashed away. July is likewise slashed in twain. Only August remains unscathed. It is the final month of the Summer Discount on Gas Heating Equipment.

Though the clouds of winter swirl on the horizon, a mother fits wings to her little boy. A girl child flies carefree in the sky. This scene indicates that once gas heating is installed, a family may feel free as birds with worries of winter heating gone forever.

The man on the magic carpet signifies that here is a soul made free of earthly problems—released from the task of tending a household fire.

Now to return to reality, the message is this: This is the last month of the Summer Discount on Gas Heating Equipment. Buy Now. Save 10%. Monthly payments do not start until October 1.
